School Community Council

- Staffing Plan
 - Majestic has 13 homeroom teachers this year. Will go to 17 teachers next year with addition of WJE students.
 - School will have 3 teachers for 1st and 2nd grades and 2 for most other grades.

- School has numbers for one more teacher. Could be used for K or 5th grade
 - Currently K is low enough numbers for 2 classes (45 students), but it's only an estimate
 - 5th grade would have large classes with only 2 classes, but small with 3
 - Other ideas considered: 5/6 grade split, half time teacher
- Considering adding another teacher for rotations
- SSC considers an aide per grade a better option than adding another teacher, if aides can be found
- Land Trust
 - Marianne motioned to continue to use land trust money to pay ½ salary/benefits of teacher coach. Erin seconded.
 - After discussion, motion was unanimously accepted.
