

## School Community Council Agenda October 10, 2025

-Share results of SCC election

-Select a chair for the 25-26 school year

-Ask council about amendment to 25-26 LandTrust plan to include teacher professional development expenses

### **Notes:**

There were three candidates to fill three openings on the council. New members were seated and approved by the council

Norma Reyes agreed to be the chair for the 25-26 school year

Marianne explained that the salary for the half time teacher was lower than expected, so there is funding that needs to be allocated for spending from the Land Trust account. The council from last year determined that if there were additional funds then they could be used to pay for professional development opportunities for teachers. Marianne proposed writing an amendment to the Land Trust plan to allow for teachers to attend PD conferences. The council approved.
