- Papa Murphy's cards-we have 63 out of 75 cards sold. We will email the staff to see if anyone would like to purchase those leftover cards before our PTA night.
- Udot told them they are planning on putting a median in the center of Redwood Road. But they will order a sign that says "No Left turn 8-8:30 or 3-3:30. A barrier is an option. But we decided to try having a police officer help with the new sign first and see how successful it is before we have a concrete barrier.
- The district came out to talk about putting a road between the parking lot in the middle school. There are retention Ponds between the southeast corner. So they can't put a road that goes through the retention ponds. If they put a road in, there wouldn't be a field for the Middle School.
- Changing our safe walking route to have gates in the fences so apartments don't have to walk on Redwood Road.
- Budget-Every year Marianne pays for Teacher Coaches and we voted to keep her on the LANDTRUST budget.
