

School Community Council Meeting Agenda

Meeting date: 2/2/2024

1. Open School Community Council Meeting.
2. Approve December and January minutes.

Amend January with Safe walking route update: White lines added for safety. They are also adding two-story houses and a part of the undeveloped area. Plans have been submitted and Stephanie will follow up with Moses to see where the park is.

Approve Motion: Stephanie 2nd: Natalie

3. SCC fundraiser- Desiree Jones
Went over Spirit Nights. In-N-Out is sending us a package with Sponsor night information. Papa Murphy's we are waiting for the closest location owner to return out call. Chocolates may be something we could do next year if we start the year with it.
Plan In-N-Out and Papa Murphy's for this year. More robust fundraiser in the fall.
Goal to maintain \$5K.
4. Trust Land Plan- Mrs. Johansen
Submit by 3/22. Still waiting on the full amount. Historically the money has been spent on maintaining our Digital Literacy coach/coaching teachers to make sure our teachers have the tools needed to be successful in the classroom. Currently overfunded for teacher FTE and next year's projection for student count will increase by 30 kids, but we are still looking for a reduction of teachers.
5. Digital Security- Desiree Jones
Council Responsibilities Councils may create a subcommittee to help accomplish digital citizenship responsibilities entirely or in part and may partner with non-profit organizations to assist in the education components. It is the responsibility of the council to see that the following is completed each year: • Receive the report from the district and school administration (as described above). • Discuss the report and decide: 1. If the filtering, management systems, and supervision practices are appropriate. If not, identify what needs to be addressed in context with administrative capabilities what the school and district are capable

of providing under the current filtering and management systems, supervision availability, and financial restrictions. Establish an action plan to address identified concerns. 2. If student education currently implemented is appropriate and adequate. If not, identify how it could be strengthened, set goals to improve the education and create an action plan to accomplish the goals. 3. If the parent/guardian education component currently implemented is appropriate and adequate. If not, identify how it could be strengthened, set goals to improve the education component, and create an action plan to accomplish the goals.

Posted on the website- Digital Literacy Tips. It is also addressed in class. Our school hasn't had a ton of issues come up about Social Media. The school has a filter that allows the teachers to see what is being done on the student's Chromebooks. We will look into an assembly for the upper grades to re-emphasize what the parents should be teaching at home.

6. Other School Community Council Business.
7. Close School Community Council Meeting. Motion: Stephanie 2nd: Natalie.

Attendance: Desiree Jones, Stephanie Clancy, Natalie Whipple, Mrs. Rudd, Mrs. Johansen
